

## ***i*450**

### **Color Bubble Jet Printer**

### **Beautiful Photos. Sharp Text. Great Value.**

- Up to 4800 x 1200 color dpi with microscopic droplets as small as 2 picoliters
- Up to 18 ppm black/up to 12 ppm color
- Edge-to-edge true borderless photos
- Bubble Jet Direct printing from select Canon digital cameras
- Included software for quick and easy printing of photos and web pages

### **Advanced printer technology at an exceptional value.**

The Canon *i*450 Color Bubble Jet Printer delivers high-quality photos, detailed printing from the Web, crisp text and exclusive Canon features—all at a great value. It achieves print speeds of up to 18 ppm in black and up to 12 ppm in color along with resolution of up to 4800 x 1200 color dpi.\* Canon advanced MicroFine Droplet Technology™ uses a revolutionary nozzle system that ejects consistent prescribed-volume droplets in microscopic sizes for remarkable print clarity. The *i*450 printer's newly designed print head produces 5-picoliter and ultra-fine 2-picoliter droplets, helping you to produce smooth, more photo-realistic images. Your photos, graphics, Web pages and reports will look clean and professional.

### **Borderless printing for professional-looking photos. Like yours. Direct.**

The *i*450 printer brings you a new level of photo printing for the home: edge-to-edge true borderless printing, with the look and feel of a traditional photograph. Now you can produce 4" x 6", 5" x 7" or 8.5" x 11" borderless prints\*\* with stunning quality, perfect for framing or the scrapbook. With Bubble Jet Direct printing\*\*\* you can print with or without a computer—just connect a compatible Canon digital camera or digital camcorder to your *i*450 printer and print. Save yourself a trip to the local photo mini-lab—produce great looking 4" x 6" prints in approximately 90 seconds.

### **Exclusive software makes photo and Web printing easier than ever.**

The *i*450 printer supports the worldwide standard Exif 2.2 (Exchangeable Image Format File), so when an Exif-compliant camera captures a photo, important camera settings and shooting conditions are saved in the JPEG image file. Our exclusive Easy-PhotoPrint software analyzes the recorded data and automatically adjusts printer driver settings for optimum image processing. To eliminate the trial and error of Web page printing, Canon includes Easy-WebPrint† software. It's fast and simple—pages print just as they're seen on screen.

\* Ink droplets can be placed with a minimum pitch of 1/4800 inch.

\*\* Mac OS X borderless printing requires ver. 10.2 or later.

\*\*\* For a listing of compatible Canon cameras and camcorders featuring Bubble Jet Direct technology, visit [www.usa.canon.com/bubblejetdirect](http://www.usa.canon.com/bubblejetdirect)

† Windows® users only.

**TRUE HARMONY**  
IN A DIGITAL WORLD.

# i450
